Local Risk Assessment (Flooding)

Local risk assesment (Flooding)	Impact on community	How can the Community Emergency Group prepare?
Pluvial Flooding	<ul style="list-style-type: none"> • Flooding of local streets, homes and businesses • Damage to property • Vulnerable residents endangered • Loss of trading for commercial properties • Possible sewage overflow from combined drains • Dangerous driving conditions 	<ul style="list-style-type: none"> • Develop, implement and maintain a detailed Community Resillience & Emergency Action Plan (CREAP) with detailed responsibilities, actions and appropriate training • Encourage residents to improve home flood defences – door and air vent barriers such as Floodsax or Floodgate door barriers. • Identify risk areas and identify possible solutions, e.g. rainwater gardens, soakaways, soft landscaping, etc. • Seek to implement recommendations made by TFAG’s Landscape consultants, Project Centre in concert with WSCC Operation Watershed and associated Agencies
Blockages in drainage system	<ul style="list-style-type: none"> • Localised pooling after heavy rain • Reduces ability to handle pluvial flow increasing the possibility of flooding 	<p>Promote and manage Adopt-a-Drain initiative</p> <p>Report blockages to the Love Clean Streets website.</p> <p>https://lovecleanstreets.info/report or phone 01243 642105</p> <p>Regular review of condition of drains and gullies</p> <p>Liaise with Highways and Southern Water on condition of storm drains</p>
Burst water main	<ul style="list-style-type: none"> • Localised pooling and flooding 	<p>Implement appropriate sections of CREAP and notify Southern Water and Emergency services if appropriate</p>

Locations identified as at risk of flooding

Flood warnings, Trigger Levels and action to be taken

Area number	Location of risk	Trigger level	Actions
Area 1	Rectory Road North and South of junction with High Street and area around Fair Oak Triangle. Northern part of the High street generally	Amber. Warning of heavy rain Red. Pooling during heavy rain	Weather watch by TFAG Core Team. Advisory traffic management when pooling becomes significant, causing bow waves and hydroplaning
Area 2	Bottom of High Street at junction with Glebe Road and Church Road. The southern part of the High Street generally, including properties on both sides of the street.	Amber. Warning of heavy rain Red Early pooling during heavy rain outside The Old Bakehouse/ George and Dragon and in Area 1	Weather watch by TFAG Core Team Advisory traffic management, including recommended restricted access to High Street when pooling becomes significant, causing bow waves and hydroplaning Flood Wardens to call up and direct actions by volunteers to stop threshold breaching of vulnerable properties. Assist in the deployment of property protection measures where available. Ensure that all drains are clear and free flowing
Area 3	(Upper) South Street generally opposite Tarring Park, particularly at mid point in the region of the offices of 3%(Three Per Cent)	Amber. Warning of heavy rain Red Early pooling during heavy rain at any point in Areas 1&2	Weather watch by TFAG Core Team Advisory traffic management/ signage when pooling becomes significant, causing bow waves and hydroplaning. Assist in the deployment of property protection measures where available. Ensure that all drains are clear and free flowing
Area 4	Glebe Road generally, particularly properties on the south side	Amber. Warning of heavy rain Red Early pooling during heavy rain at any point in Areas 1&2	Weather watch by TFAG Core Team Assist in the deployment of property protection measures where available. Ensure that all drains are clear and free flowing
Area 5	(Lower) South Street, opposite West Worthing Baptist Church, junction of Guildford Rd, Becket Rd & St Dunstan's Rd	Amber. Warning of heavy rain Red Early pooling during heavy rain at any point in Areas 1&2	Weather watch by TFAG Core Team Advisory traffic management when pooling becomes significant, causing bow waves and hydroplaning.
All areas	Raise awareness of the emergency with residents <ul style="list-style-type: none"> • Alert Adopt-a-Drain volunteers via Voodoo platform if required • Assisting vulnerable residents • Property protection – assistance with sandbags/Floodsax/ door barriers etc. • Isolation of electrical and gas supply if appropriate 		

**Phase 1 Emergency
Action by Flood
Wardens in event of
RED Trigger Level being
breached.**

1. All available Flood Wardens will be on **Amber** Flood Alert when a localised Weather Warning has been issued or heavy rainfall is forecast or occurs.

2. When any Flood Warden becomes aware of a **Red** Flood Trigger Level being breached then send an Emergency Alert to TFAG Core Team via www.voodoosms.com/login using **Core Team template**

3. In the event of a life-threatening event alert Emergency Services via 999 call, or via 101 call for a non-life-threatening event.

4. On receipt of alert, all available Flood Wardens to proceed to their personal Designated Meeting Points – these are at Thomas a’ Becket School entrance, The Old Bakehouse and WW Baptist Church. Any appropriate responses by Flood Wardens should be sent via the TFAG WhatsApp platform.

5. At meeting points, appoint Lead Wardens if appropriate and jointly assess the current situation to decide if the full Emergency Action Plan needs to be invoked.

If Yes

If no

6. **If yes**, send an Emergency Alert to all EAP volunteers via www.voodoosms.com/login using **EAP Volunteer template**. Consider alerting AaD volunteers via www.voodoosms.com/login using **AaD Volunteer template**

If no, agree a monitoring plan until the flood threat subsides.

7. Use the TFAG Emergency Action Plan Phase 2 (See next page) to dictate subsequent actions

Phase 2 Emergency Action by Flood Wardens in event of RED Trigger Level being breached.

1. At meeting points, Lead Wardens to quickly assess the current situation

Location and extent of flooding:

- Status at known high-risk areas?
- A vulnerable area/property?
- A main access route? (e.g. risk of bow-wave breaching thresholds and aquaplaning)

Extent of Emergency:

- Imminent or in progress?
- Is there a threat to life or property?
- Has electricity, gas or potable water been affected?

Are Emergency Services involved? If not, should they be?

- If at any time there is immediate danger to the community alert the Fire and Rescue Service on 999.
- Report road flooding to the WSCC Floodline on **01243 642 105**
- Report any flooding of properties as a 'Flood Incident' to Southern Water's 24hr emergency number **03303 303 0368**) quoting unique reference number for the Tarring Conservation Area CSMS 4398265

Are there any vulnerable people or properties involved?

- Refer to Vulnerable Person and Properties list as issued to Flood Wardens
- Families with children
- Low lying properties

What resources do we need?

- Protective clothing & Safety Equipment
- Road Closure/Flood Warning signs
- Drain clearance & other stored equipment

Continue on next page

Phase 2
continued

2. What actions can safely be taken?

- Generate list of tasks as circumstances dictate.
 - Deploy Flood Wardens and EA teams to Flood Risk Areas 1-5 as appropriate
 - Arrange access to equipment storage areas and make available to volunteers
 - Allocate signage to identified risk areas as appropriate
- Raise awareness of the emergency with residents
 - Assisting the vulnerable
 - Property protection – assistance with sandbags/Floodsax/ door barriers etc
- Advisory road closures and diversions
 - Vehicle towing/clearance if appropriate and available
- Ongoing risk management
 - Pooling and drain monitoring and clearing where necessary and safe
 - Identify and make safe any floating hazards

3. Feedback, monitor and review

Maintain communication between designated areas using mobile network. Review actions taken and monitor effectiveness. Reallocate resources as necessary

4. Recovery

Flood wardens should bear in mind that there may be the need for a follow-up plan of action for short-term remedial work/surface clearance/utility reconnection, etc.

Local Skills and Resources Assessment

Skill/Resource	Who?	Contact details	Default Location	Comment
Trained Emergency First Responders	Flood Wardens and other volunteers to be trained			Being arranged by Cllr Thorpe
Flood Wardens (Trained "What If" Road Closure/Traffic Management Responders) and other Core Team mem	Graeme Jeffery Alison Gilbert Robert McCusker Peter Smith Gerard Loughrey Hazel Thorpe Patrick Crehan	07778 536 814 07963 596 535 07774 229 407 07989 847 538 07788 404 954 07999 444 753 07949 355 098	Area 1 Area 5 Area 2 & 3 Area 1 Area 2 As allocated As allocated
